FOREWORD

"Ball and Ball" cabinet hardware is produced in our own shops by persons skilled in this particular work. Our large collection of examples of original brasses is used as a working guide and the originals are made a point of study so that we can achieve the same result with our reproductions.

"Quality" and "Ball and Ball" are words that are thought of and used together wherever antiques are known. Imitations of our brasses are being made and photographs from our own catalogs have been used but only Ball and Ball can make—

"THE BRASSES
FOR THOSE WHO KNOW ORIGINALS."

As the leaders in this field for a number of years you may expect to find some of our reproductions in every antique dealer's shop. No reproduction is as desirable as an original but where replacements have been necessary the dealer will tell you if they have been made by Ball and Ball

In addition to finding our work in the better shops you may see restorations and replacements in many national and local museums and in famous places such as Williamsburg and Monticello. Our hardware was used when the furniture in The White House was restored and reproductions were added to complete certain rooms.

Makers of the better reproduction antique furniture use our brasses. We shall be glad to give the names of these factories, both large and small or you may specify Ball and Ball hardware when having furniture built, and usually no extra charge is made. You need have no question of the quality of cabinet work in a reproduction equipped with

"THE BRASSES
FOR THOSE WHO KNOW ORIGINALS."

We have not moved to Whitford, but Whitford has moved to us!

The Post Office is now in our own building.

For seventeen years our mail address has been BALL and BALL, Ball Buildings, West Chester, Pa., although our actual location, for six years has been "Whitford" which is a few miles north of West Chester.

Whitford is on the main street of the United States; U. S. 30 (Lincoln Highway).

When traveling east you will see York, Lancaster, Coatesville, Downingtown—we are three miles east of Downingtown.

For west-bound travelers, Philadelphia, Paoli and Exton, (Exton is where Pa. Route 100 crosses U. S. 30). We are just one mile west of Exton.

PLEASE PASTE LABELS IN CATALOG AND PRICE LIST.

ABOUT THIS CATALOG

For complete information about the items shown in this catalog please see the price list marked "For Catalog No. 47."

ABOUT SPECIAL COPIES

We have dies, tools and patterns to make many pulls that are not shown in this catalog. Some of these uncataloged brasses are in stock at all times. Write to us about your special needs. A foundry, owned and operated by us, insures prompt service on any unusual or special work whether large or small, one exact copy or many.

ABOUT OUR ORIGINALS

Our collection of original examples of all types of furniture brasses is known as the largest of its kind and it includes andiron parts, lamp fittings, clock parts, casters, in fact any item in brass that you could ask about. In wrought iron we have many interesting complete door locks as well as latches, hinges and bolts.

If you wish originals we may have in this collection items that will complete your sets of pulls, pairs of andirons, door locks, fire tools, clocks, etc.

Original andirons, fenders, fire tools, door locks, in brass or iron, hall lamps and complete original sets of brasses are usually on hand for sale. When writing about original items or special copy work please furnish sketch or samples and advise quantity of each item needed. Your originals will be safely cared for and our reply will be prompt.

BALL AND BALL BRASSES

THE CHARM of any room is enhanced by the details of its arrangements. A fireplace is only interesting when fitted with proper implements. A door can be a thing of beauty or just a door depending upon the hardware used.

Reproductions, if well made, will blend happily with fine originals as this photograph illustrates.

The Ball and Ball copies shown are the jamb hooks and fender, the finials, the hands and the painting on the clock, the small Eagle hook for the framed needlework, the tear drops on the spice chest, the rooster and the trivet. The other items are originals as found, except the door locks which were restored and completed with reproduction parts.

If you need reproductions for your furniture or your home there is no reason for using less than the best.

BALL and BALL BALL BUILDINGS WEST CHESTER, PA.

BALL AND BALL BRASSES

PRICE LIST -VCA

This Price List is for Catalogue No. 47. The listing, however, includes many items not illustrated in either the catalog or various supplements which have been issued.

Some of the supplements are no longer available and will not be reprinted but all of the items which are listed will be included in a larger and complete catalog in the future.

When requesting information or sketches of listed material that is not illustrated in the catalog please give as much detail as possible about your requirement.

MAKERS OF

"The Brasses for those who know Originals"

INFORMATION REQUIRED WHEN ORDERING — SERIES LETTER and CATALOG NUMBER, QUANTITY of each, COLOR desired, also in furnishing some items whether RIGHT or LEFT hand.

GENERALLY speaking most of the items of cabinet hardware are carried in stock in TWO finishes.

ANTIQUE. This resembles the color of fine originals and is accomplished through a special process that oxidizes the surface of the brass, no lacquer is used or required. This color will improve with age.

POLISHED BRIGHT. This is known as our "GOLDEN GLOW" finish. This is a high lustre, perfectly smooth surface resembling hand polished old brass. This finish will tarnish if not repolished from time to time as in normal household cleaning.

THERE IS NO DIFFERENCE IN COST for either the ANTIQUE or "GOLDEN GLOW" finish. When a preference is not stated with each order, we will use our own judgment.

A certain few items are furnished only in "GOLDEN GLOW" polish with a lacquer to prevent tarnishing. These items are noted in the price list and include bag ornaments, pins, letter knives, etc.

TERMS

BILLED Orders will be sent on open account, net thirty days. When requesting credit give names of three supply houses.

ADVANCE PAID — This is the best way to pay if you have not established credit with us. See POSTAGE below.

C. O. D. Shipments will be made if you are not on our credit list and if you do not pay in advance.
Post Office rates are high on C. O. D. packages and the detail makes it necessary for us to charge $ .25 extra for each shipment.

POSTAGE Is charged on all orders. If your orders are ADVANCE PAID an extra amount for postage should be included with your remittance.

INSURANCE Rates are $ .02 for $2.50, $ .03 for $5.00, $ .05 for $25.00, $ .10 for $50.00 values. When your orders are ADVANCE PAID, shipments will be insured only if you include an amount sufficient to cover both **POSTAGE and INSURANCE.**
Refunds will be made in stamps for any over payment of postage or insurance.

REMITTANCES May be made by personal checks, bank or express checks, postal notes or money orders, also stamps for orders of $1.00 or less.

Send all mail to:

BALL AND BALL BALL BUILDINGS WEST CHESTER, PA.

Escutcheons for "E" series rosette pulls should match the rosettes. See page 11.

For E-13 and E-20 use Esc. L-44, L-33 or L-57
" E-14 use Esc. L-43 or L-56
" E-15 " " L-44 or L-57
" E-16 " " L-45
" E-17 " " L-49 or L-51
" E-18 Esc. not shown but are same as rosette and priced at $.60
" E-19 use Esc. L-49
" E-20 see first line above

As this goes to press we are moving the office into another building sufficiently large to carry all our stock and show a complete display of every item that we manufacture.

In the four large showrooms will be contained four fireplaces and sufficient room to show many original examples of andirons, fenders, etc., and we hope to have our rather well-known collection of original brasses and house door hardware displayed.

The location of the new showrooms is the same as outlined on the inside cover of the catalog and adjoins the factory building. Please accept this as a cordial invitation to call whenever possible.

KNOBS SERIES "F"

Cat. No.	Diam.	Price Each
F-1	1	$ .90
	1 1/2	1.10
F-2	2	1.40
F-5	1	.65
	1 1/2	.85
	2	1.00

SERIES "M" FINIALS

Cat. No.	Size	Price Each
M-14	5½ tall x 2¼ ball	$2.70
M-15	4¼ " x 3¼ spread	3.00
M-16	5½ " x 4½ "	2.50
M-17	2¼ " x 1 diam.	1.25
M-18	4¾ " x 3¼ diam. bun	4.00
M-18	with spire as on M-14	3.00
M-19	3⅜ tall x 1⅜ diam.	3.00
M-20	2 " x 11/16 "	1.00
M-21	1 " x ⅝ "	.50
M-22	2 " x 1⅝ spread	1.00
M-23	2½ " x 2⅜ "	1.50
M-24	2⅛ " x 1¾ "	1.25
Special sizes and combinations		
M-14-A	3⅞ x 1¾ with spire	2.00
M-15-A	3¼ " " " eagle W-80*	2.25
-B	3¾ " " " M-22	2.25
-C	4¼ " " " M-23	2.50
-D	4⅜ " " " M-24	2.25
Eagles only, like on	M-15 2½ x 3¼	1.50
" " " "	M-16 4¼ x 3	2.00
" " " "	M-18 see U-101 **	

* Illustrated on page 23
** " " " 21

Uses, M-14 three on G.F. clock, or two with M-15 in center. If one only is to be used we suggest M-15 or M-16 or an eagle only. M-19 is the best finial for terry type clocks but M-14-A may be used. Use M-18 for center of secretary with "M-18 with spire" for sides.

On grandmother clocks use M-14-A with M-15-A, B, C, D or E center finial.

For barometer use M-20 or U-46 page 21.

Banjo clocks, use eagles only like M-15, M-16 or U-101 page 21.

We have other eagles for many uses not illustrated but in stock, please describe your needs.

SERIES "N" CLOCK GLASSES

These are the finest paintings for clocks that can be bought, each one, whether it is in stock or made to order is an exact copy of an original. Any stock size may be returned but special sizes are not usually returnable.

A border of any design may be had with any center design to quotation. If you wish a copy of a design illustrated in any book or magazine we may have the issue in our files.

Any special size can be furnished at stock prices as a rule, special designs to quotation only. It is not safe to cut painted glass so be sure about size. We guarantee safe delivery anywhere in the U. S. A packing charge is made depending on the item or items.

Series "W", continued

W-92	Shovel and tongs, set of two Poker to match	
W-93	Copies of the Reifsnyder pair that were sold in 1929 for $1300.00. These match originals in every respect but age, each pair is marked with our name where it will not show in use. Reproductions of this quality are made by no other firm here or abroad. 24 tall, 13 width. Pair Fire tools and jamb hooks can be furnished to match.	150.00
W-94	Andirons 24 tall, 13 wide ..... per pair	85.00
W-98	" 18 " 9½ "	30.00
W-110	Wire fender 14 tall	40.00
W-112	" " 6 "	40.00

These wire fenders are in stock in all usual lengths, special sizes to order. Price is approximate so please give size for quotation.

W-120	48 long x 6 high. Brass	20.00
	42 " x 10 " "	25.00
	48 " x 10 " "	30.00
	54 " x 10 " "	35.00
W-122	48 " x 6 " "	20.00
W-150	For hall or dining room, this is a plain American design with hand-blown glass. The glass is as Steigle would have made it, the brass trim as only Ball and Ball can make it. There is nothing imported about this lamp, either design or quality. Note that length sizes may be much shorter by using less chain. All sizes are approximate. Ready to screw in the socket and wire.	
	12 diam. body, 27 total length	45.00
	10 diam. body, 25 total length	40.00
	8½ diam. body, 23 total length	35.00
W-151	Hurricane shape globe, about same sizes and prices as W-150.	
W-170	Top and bottom bell pull ends. State width of band. Pair	4.00
W-Special	fire set	15.00

For many years we have made house door locks, hinges and latches of the types used throughout Colonial America.

Now, for the first time a STOCK LINE of this hand made group of hardware is available.

Additional information will be given about any of these. We would like to explain here about our number X-90 lock. This particular one is made to operate with a CYLINDER KEY. This is our most practical outside door lock. Our number X-100 as illustrated, is however, a more authentic copy.

Lock number X-93 has NO KEY MECHANISM whatsoever but has a thumb slide on the FACE for locking inside. Number X-95 is same but has the thumb slide on the BOTTOM edge.

When ordering, it is very important to specify whether RIGHT or LEFT hand doors. To tell the hand of a door, stand with your back against it so that it cannot open—if the hinges are on the left, it is a left hand door. Also when ordering, specify actual THICKNESS of the door, the spindle can then be fitted.

All locks are priced with round brass knobs fitted to whatever door thickness you specify. All screws, bolts, escutcheons, etc. are furnished. Standard finish is Golden-Glow polish on all brass parts and flat black finish on all iron parts. Each lock is fully guaranteed.

These locks, latches, hinges, etc. are all hand made copies of fine originals. Description of each will be found in separate catalog. In addition to the listed items we will make special sizes to order. If you wish original locks we may be able to furnish from our own collection.
